ENDURING

quality Accoya® windows and doors, for years to come

Manufactured by

Accoya® and the Trimarque Device are registered trademarks owned by Titan Wood Limited, a wholly owned subsidiary of Accsys Technologies PLC, and may not be used or reproduced without written permission. Accoya wood should always be installed and used in accordance with the written instructions and guidelines of Accsys Technologies and/or its agents (available upon request). Accsys Technologies accepts no liability for any defect, damage or loss that may occur where such written instructions and guidelines are not adhered to.

ACCOYA®

delivers quality that lasts

Accoya turns everything you know about wood on its head.

Through a revolutionary scientific process called acetylation, it modifies wood to give it properties that exceed hardwoods, and other materials such as PVC and aluminium.

Here are some of the benefits of Accoya for your windows and doors:

Performance

Accoya windows and doors are highly stable and durable. They do not shrink, swell or distort and will open effortlessly all year round. Naturally insulating, and a 40% thermal conductivity improvement over hardwood, they'll help keep your home cosy and your energy bills down. A 50 year warranty also means you'll get to enjoy your windows or doors for a lifetime.

About us

Established in Stroud, 1978, GK Joinery started with a simple mission – to manufacture purpose-made, premium timber products for the local Gloucestershire community and construction industry.

We continue to deliver on this by investing in our workshop, employees and technology to ensure we comply with the latest regulations without compromising on traditional aesthetics or craftsmanship.

We are local experts in the manufacture and installation of doors, casement and sliding sash windows, bifold doors and staircases.
